SPM Flowers

These colorful foam "flowers" make a great visual cue to change direction or to help mark our a section within a learning space. Made in Italy using open cell foam with a stretch polyester cover and a polycarbonate "stem" using a contrasting color. These fun markers are a great way to jazz up any learning space. Two piece construction makes for easy breakdown and storage. 22"w x 21"h.

Number	Product Name	Price
SSF 100W/Y/R/B/G	White, Yellow, Red, Blue, Green	\$59.00

SPM Dice

Six sided dice are an entertaining way to engage young students and create dynamic team games. Roll the dice and have the class or child pick the next learning evolution or simply use them to occupy hands during other movement progressions. Hint: Unlike balls, they don't roll when put down or unattended.

Number	Product Name	Price
SSD 100Y/R/G/B	Yellow, Red, Green, Blue	\$4.95

SPM Flat Hoops

At 23" in diameter, these flat section hoops can be utilized in both learning spaces and in dryland training. Agility work and jumping drills can be performed as part of a conditioning program, while within a children's ski school they can be used as part ring toss game (using SPM Hero gates) or as simple goal to place dice or a ball as part of a movement on snow drill.

Number	Product Name	Price
SSO 200Y/R/G/B	Yellow, Red, Green, Blue	\$6.90

SPM Fungo Markers

SPM's Fungos are brightly colored, dome shaped markers made of sturdy, pliable rubber with a slightly threaded 34cm stick-in base. Fungos are highly visible and make great turning obstacles for ski schools and are also ideal as terrain park feature entrance and exit markers and for marking lift un-loading zones. Dome height: 5"; Dome Diameter: 7.5"; Weight: 1lb

Product Name	1-39	40+
SPM Fungos	\$16.85	\$15.85
(FG 130-Pink, FG 135-Lime Green, FG 140-Blue, FG 145-Red, FG 150-Yellow)		

SPM Foam Balls

Available as a set of three, these multi-color foam balls can be utilized for a variety of conditioning (juggling, tossing while balancing) and ski school activities ("floor hockey," team games.) 2.75" in diameter.

Number	Product Name	Price
SSB 101	Set of Yellow, Red, Blue	\$4.95

SPM Cones

The innovative plastic cones have many uses in the gym and on the hill. Notched on top to be used as a hurdle with a second cone and a gate shaft, they can also be used as a direction change cue for dryland or in a learning space, or to set boundaries for team games. At 12" tall and 8.25h" x 8.25" they stack for easy storage.

Number	Product Name	Price
SSC 100Y/101R/102G	Yellow, Red, Green	\$7.75

SPM Steering Wheel

Work on upper body position and harness a child's connection with steering, turning, and driving with these light, rigid foam steering wheels from SPM. Available in a 9.5" and 12" version.

Number	Product Name	Price
SSW 100S	Small	\$15.50
SSW 100L	Large	\$22.00

SPM Ski School Learning Mats

Introduced by SPM at Interski in Ushuaia, Argentina, these innovative tools for teaching children fundamentals of movement on skis have been widely adopted in European ski schools. By following the "footsteps" on these durable, colorful teaching mats children will learn walking, side stepping and herringbone techniques for moving on snow. The mats are held in place by plastic stakes and can be configured several different ways in conjunction with other learning aids such as Fungos and Whisker gates. Create a fun and intuitive teaching environment that helps each child discover the joy of skiing. Mats are each 16.5' L x 3' W. Made in Italy.

Number	Product Name	Price
SSM 100HB	Herringbone	\$198.90
SSM 100FF	French Fry	\$198.90
SSM 100WLK	Walking	\$198.90
SSM 200	Ground Stakes (set of 8)	\$12.20

SPM PC Arch

Create a "wicket" in the snow for children to duck under and move through with the SPM PC Arch. Unweighting/weighting and direction changes can be challenged with this 13' polycarbonate pole, with two 35" washable Lycra covered foam pads on each side. Pads are available in solid colors or can be customized with your resort or school logo. Dims: Pole 25mm x 13.2', pads 36" x 4".

Number	Product Name	Price
SSA 100	Pole only	\$23.00
SSA 101	PC Arch with solid color pads	\$76.50
SSA 102	PC Arch with custom pads	\$92.00

SPM Wall Pads

These customizable animated rectangular wall pads are available in two sizes. Perfect for creating baffles, delineating areas for different groups within a learning space or adding branding to a play area. Made of open cell foam with a thermo-welded PVC cover. Bottom is constructed with weather resistant anti slip material. Carry handle allows for easy transportation and storage. Medium pad measures 60" x 20" x 12, large: 60" x 36" x 12"

Number	Product Name	Price
SSWP 101M	Medium wall pad	Call
SSWP 101L	Large wall pad	Call

SPM Animal Pads

Add a little fun and color to direction changes and obstacle type courses with an animated animal pad. A durable thermos-welded PVC cover protects the foam core. Digitally printed, two sided graphics include: donkey, deer, dog and chicken pads available with space for resort or school logo. A 35mm shaft allows for installation in the snow. Pads are 32" x 24" x 2" and include carry handle.

Number	Product Name	Price
SSAM 100S	Animal Pad	Call

SPM Entrance Arch

The SPM Ski School Entrance arch is thermos-welded PVC covered foam archway available in several sizes to clearly show the entrance to your ski school learning center. Available with digitally printed, two sided full color custom logo placement. This is a fun way to add branding and animation to your space.

Number	Product Name	Price
SSAM 100S	Small entrance arch	Call
SSAM 100M	Medium entrance arch	Call
SSAM 100L	Large entrance arch	Call

SPM Snake

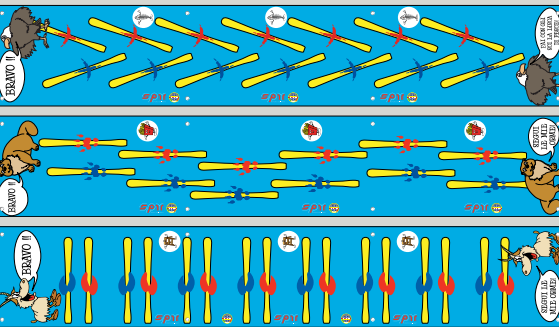

Great for all ages, the SPM snow snake is a 32 foot braided poly rope that can be placed on the snow to create a track to follow. Flexible enough for short, medium and long radius turns as well as other ground based activities. Multiple snakes can be linked to together to make longer turns. Available in orange, dims are 32' x 2.5".

Number	Product Name	Price
SS 100OR	Snow snake, orange	\$230.00

These products may be custom branded with your resort and/or ski school logo. To do so requires 6 weeks turn-around time.
